- 3.4 It is the University's policy to avoid contracting with Consultants who have unacceptable organizational conflicts of interest. An organizational conflict of interest means that because of existing or planned activities, a Consultant is unable or potentially unable to render impartial assistance, or has an unfair competitive advantage, or a firm's objectivity is, or might be, impaired. The Consultant must warrant that, to the best of their knowledge and belief, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest.

- 5.3 All of the above items relating to Owner's responsibilities shall in no way abrogate the Consultant's responsibility.

- 6.2 Should Direct Personnel Expense be selected by way of an Hourly Not-to-Exceed method of compensation, the Consultant will submit a complete list of employees to be engaged on the Project along with a schedule of rates and benefits for those employees. Said rates shall remain valid for the length of contract. In addition, the coverage is to include "Missouri State University, the Board of Governors for Missouri State University, its members, agents and employees" as "additional insureds". The amount of the insurance shall not be less than a minimum of \$1,000,000 combined single limit, per occurrence and \$2,000,000 aggregate, for both bodily injury and property damage combined.
- In lieu of the "Additional Insured", an Owners-Contractors-Protective policy may be provided evidencing "The Board of Governors for Missouri State University, its members, agents and employees" as the Named Insured.

All certificates, policies, or binders shall give Missouri State University thirty (30) day's written notice before cancellation.
- 11.7 Upon receipt of any notice of cancellation, the Consultant shall, within ten (10) days, procure other policies of insurance similar in all respects to the policy or policies about to be canceled or altered; and if the Consultant fails to provide, procure and deliver acceptable policies of insurance or satisfactory certificates or other evidence thereof, the Owner may obtain such insurance at the cost and expense of the Consultant without notice to the Consultant.
- 11.8 It is understood and agreed that the insurance required by the provisions of this article is required in the public interest and that the Owner does not assume any liability for acts of the Consultant, its Subconsultant or their employees in the performance of the Agreement.

The Consultant shall not assign, sublet or otherwise transfer their interest in this Agreement without the written consent of the Owner.

ARTICLE 13 – DISPUTES AND DISAGREEMENTS

- 13.0 In order to prevent all disputes or disagreements between the parties to this Agreement in relation to the performance on the part of the Consultant, it is expressly agreed and understood that in case any controversy or difference of opinion shall arise between the parties as to the quality, quantity or value of the Work, the decision of the University Architect shall be final and binding on all parties, unless the Consultant pursues the mediation procedure set forth below by written request within 30 days of the determination of the University Architect. Such disputes shall be decided in the courts unless the parties agree in writing to arbitration. Notwithstanding anything to the contrary contained in the contract documents, in the event a dispute shall arise between the Owner and the Consultant regarding the performance on the part of the Consultant, the Consultant agrees to participate in one mandatory non-binding mediation session prior to filing a lawsuit. The parties involved agree to split the costs of the mediation. The mediation shall be administered by a mediator appointed by the Missouri Bar Association's alternative dispute resolution committee, unless the parties agree to another mediator. If a resolution of the dispute cannot be reached in the mediation, the parties are free to pursue any other alternative of resolving the dispute which they choose, whether it be arbitration, litigation, or some other means.
- 13.1 Any lawsuit to enforce this Agreement shall be brought in the Circuit Court of Greene County, Missouri. - 14.0 Interruption of Work may be necessary, when appropriate, in any fixed-fee, percentage or hourly not-to-exceed contract. In the best interest of any successful project, it may be necessary as result of any cause for the Owner to initiate an Interruption of Work. Notice to the Consultant that Interruption of Work is necessary should include (1) A description of the work to be suspended; (2) Instructions concerning the Owners need for further services; (3) Guidance to the Consultant on what action is to be taken by the Owner; and (4) Other suggestions, if any, to the Consultant for resuming progress.

- 14.2 Upon written approval of the Owners Representative, the Owner shall pay all payments due to the Consultant for services completed, up until the time of Interruption. Consultant's contract with the Owner shall remain valid through an Interruption of Work until such time that a Termination is necessary.
